NATURAL STONE FROM TÜRKIYE — SUPPLIED & DELIVERED IN THE UK

Basalt Setts

Black & red basalt · Setts, cubes and cobbles · Sizes and packing

ABOUT THIS CATALOGUE

Stone, without the import risk.

Hand-split basalt setts and cubes in black and red, for driveways, courtyards and streetscape — graded at the quarry and supplied in bulk bags on pallets.

Karpat Trading Ltd is a UK-registered supplier of natural stone. We import on our own account and sell delivered within the UK — customs, freight and currency are handled on our side, so you buy as you would from any domestic supplier.

This catalogue presents the core of our supply range. It is a selection, not a boundary: our quarry and factory partners produce a far wider range of materials, formats and custom profiles. If you are looking for a stone that is not shown here, ask — we can almost certainly source it.

We do not publish a price list. Natural stone is priced by material, format, finish and volume, so every enquiry receives a project-specific delivered quotation, normally within two working days.

Photography is representative of each material. Natural stone varies by block and lot; final selection is confirmed against photographs of the actual production before any order is placed.
